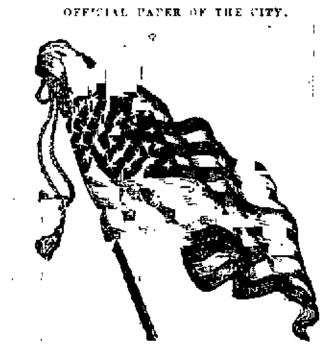
OFFICIAL PAPER OF THE CITY.



No flag but the Old Flag—the Red, White and Blue,
With the stars of a Union unbroken and true:
Arise and defend it I ye sons of the brave,
Whose blood bought the banner your valor must save.

MONDAY MORNING, MARCH 30, 1863.

By Telegraph.

Our dispatch, which is very brief, is only to the 19th inst., though we ought to have intelligence four days later, unless the communication has been interrupted. It leads us to suppose that an attack may have been made upon Charleston, as several gunboats are reported to have passed Fort Sumter on the 16th inst. We trust that we shall hear this evening that the nest of sedition has been broken up, and thus a portion of its inhabitants are subject to the rule which has operated so beneficially in New Orleans. Such a victory would be worth more than millions to the Union cause.

We have also renewed reports of the disposition of foreign capitalists to invest in Government Stocks by an offer, on their part, to take a large loan on favorable terms. This is an excellent indication of the strengthening confidence felt abroad in the power of the Government to defend itself successfully against the rebellion.

Important Decision.

We find in the Albany *Democrat*, the following decision of Judge Boise, in a case in the Circuit Court of Linn County, held last week, between the State and County Treasurers. At the proper time, the Country Treasurer offered to pay the State tax in legal tender notes, which the State Treasurer refused to receive, and therefore brought suit. The Court held that, while legal tender notes are a constitutional and lawful currency for the payment of private debts and demands, as well as for all dues enumerated in the Act authorizing them to be issued, they were not receivable for State taxes under our constitution. This is the decision:

The question: Are U. S. Treasury Notes a legal tender?

In deciding this case, the Court said: This is a constitutional question. Congress has, by the Constitution, certain enumerated powers. It has express power to raise and support an army and Navy. It has express power to pass all laws necessary to carry into execution this power. If the issuance of these notes and making them a legal tender, is not forbidden by the Constitution, and is a means necessary to supporting and carrying on the Government, then the law creating them would be constitutional.

This Government was made to be perpetuated, and has, necessarily, the power to use all means necessary to perpetuate itself, if those means are within its reach.

In the present crisis, the Government is struggling for existence, and Congress has adopted this currency, as a means, in their judgment, necessary to put down the rebellion and preserve the Constitution, and I think they are the proper judges of the necessity.

The U. S. Bank was held by the Supreme Court of the United States as constitutional, on the ground that it was an institution necessary and proper to carry on the fiscal concerns of the Government; and that Court said that Congress, and not the Court was the proper judge of that necessity and propriety.

It is urged that such a law impairs the obligations of contracts; that contracts made prior to the passage of this law are exempt from its operation.

All parties, when they contract, are presumed to contract on faith of the Government, with the understanding that Government will enforce their contracts, and compel their fulfillment in the currency of the country. Currency represents so much value, and Congress has the power to fix that value; and when it is fixed, the law cannot inquire into any alleged depreciation which is not recognized by law.

It is ordered and adjudged by the Court that the plaintiff have and recover of the defendant the sum of $4,000 in gold and silver coin, together with costs.

MAD, BUT PROMISES TO DO BETTER.—The Astoria official barks at us, with all the fury of a toothless cur, and seems to think we have a personal spite against him. He is greatly mistaken. We regard him and his actions pretty much as everybody else does, and if, as he intimates, we have "covered him with compost," we have made a very proper disposition of *him*, if not of the material used. But as he now promises to make "personal sacrifices" for the good of Portland, and will not again, we hope, help Dr. White lie about its commercial and business facilities, we are not disposed to punish him by a further waste of compost.

MAIL ON THE SOUND.—Mr. John Wright has got the contract for carrying the mails on Puget Sound, from Olympia to Victoria, for the sum of $20,000 a year, making weekly trips, and touching at all the way-ports. The steamer *Eliza Anderson* is to commence this service to-day. It seems from this, that Mr. Keach, the former contractor, failing to procure a steamer for the service, has been forced to give up the contract, and the Government agent has awarded the contract to Capt. Wright, who, no doubt, will perform the service promptly and satisfactory.

AN ABLE LETTER.—On the outside will be found an excellent letter to Douglas democrats, from one who knew their chieftain well. We commend it to all our readers, and especially to the "non-intervention" theorists, of the *Mountaineer* school, though we confess we have not much hope of their being persuaded, though one rose from the dead.

Letter from Boise River.

[FROM AN OCCASIONAL CORRESPONDENT.]

PLACERVILLE, BOISE RIVER,
March 9th, 1863.

EDITOR OREGONIAN:

Since my last communication from this place, the weather, of which we have had so much to complain, has taken a change for the better, and with the advent of March.

"All nature smiles to usher in
The second queen of month."

All mining operations here has received a decided impetus from this source, and if the weather continues fine for a month, we shall all have our claims opened and ready for the summer's work. Ditches are being brought in on many of the bars and hills all over the basin. This species of improvement is more particularly necessary on Grimes' creek, where the majority of the miners are turning their attention to bar mining, it being perhaps more lucrative and easier worked than are the creek claims. Some of the knowing and interested ones, however, are circulating rumors that Grimes' creek prospects much better than was anticipated. This may be true, and it may be a setback to catch adventurers with money. No new strikes have been made since I last wrote, although madam rumor has several men in our midst who are only waiting for spring to open so as to enable them to go to diggings which they discovered last fall. Every camp has its knowing ones, whose diggings are a secret and these I presume are of this class.

Business is brisk for this season of the year and supplies are continually coming in, so that all fears of a scarcity are now removed. Beef cattle are being driven into town every day or two, and sold at 20 and 25 cents per pound, which effectually crowds out the use of bacon and the consequent results, scurvy.—I hear of no sickness in the mines and none have died a natural death that I have heard of—a fact which speaks well for the healthful influence of the climate.

Our town talk, just at this time, consists chiefly of rumors in regard to Indian depredations. There is no doubt on my mind, that these Indians intend giving us a show to fight them this summer. They are making great preparations for some purpose. Last week they run off a band of 130 horses and mules from a ranch near Fort Boise, and hardly a day passes but some unlucky wight meets with a loss by these devils in human form.—The game is in their favor at present, but it will not last long. Already they are marked as *game* for the hunter, and their color will be their death warrant. There will be no "friendly Indians" here I can assure you, as that dodge has been practiced too often by the cunning savages.

Last week I had a conversation with John Phillips, one of the original discoverers of these diggings, who accompanied Grimes in his explorations. He informed me that a claim had been located for Mrs. Grimes, and he is at a loss to know how to proceed in the matter. If Mrs. Grimes does not send up a representative to work the claim, he proposes to have it done for her, although he would much prefer that she would adopt the former method. I hope some of Mrs. Grimes' acquaintances will call this matter to her attention, so that those interested in her welfare will know how to act. The claims must be worked after June 1st, or some person may be found mean enough to take advantage of the law and jump them. This man has reburied the body of Grimes and raised a mound over the grave. It is situated immediately under the hill on which he was shot, and a stately grove of hackamores and tamaracks, whose foliage, when tossed by the winds, sing a mournful dirge over the departed.

We have in this basin, among other good things, a hot sulphur spring, which some enterprising individuals have taken possession of and erected over it a bath house, which can be taken advantage of for cleaning and medicinal purposes, for the small sum of one dollar. Those who have experienced its effects say it is a sure cure for rheumatism. Send on your "poor and needy," as well as the "lame, halt and blind," and we will minister to their several wants. It will do them good

"to wander free as air;
Blithe tenants on the bright and breeze blest air,
Far from the town—where toil the sons of care
O'er plans of mischief 'till their souls turn grey."

This sulphur spring runs out of what is called "Cement Hill, which is supposed to be rich in gold. The indications are so good that two joint-stock companies have been formed to work it,—the "Live Oak" and "Pioneer Company,"—the former of which commenced running a tunnel yesterday.—Should it prove as rich as anticipated, your correspondent's star will be in the ascendency, he having an interest in the "Pioneer."

The immigration, or as we call them, the "Pilgrims," are coming in great numbers just now, and if they continue to come in the same ratio as we are led to believe from newspaper reports, "the devil will take the hindmost."

Strange to relate, we have had no cutting or shooting scrapes since my last, although there has been no diminution in the supply or demand for "fighting whisky."

A meterological amateur informs me that, by a trial measurement, 32 feet of snow has fallen in this basin during the present winter.

Placerville and Bannock City have each a saw mill, both of which will soon be in operation.

CRAYON.

NEW STEAMER FOR THE PACIFIC.—The P. M. S. S. Co. have just built at New York a new ship for the Panama route, called the *Golden City*, glowing descriptions of which are given in the papers of that city. She is three hundred and forty feet long; breadth of beam, forty-five feet; tonnage, 3,500 tons. The model is beautiful, and she cannot fail to be a fast vessel. She has been designed with great care and skill for her special business, no expense having been spared, which is calculated to contribute to the comfort of passengers or the excellence of the ship. The object has been to make her superior in all respects to any steamer afloat, and those who have examined think it has been attained.

FIRE AT THE DALLES.—The dwelling house of Judge Humason, was destroyed by fire, on Friday last,—loss, about $3000. The fire was first discovered in a back room used as a sleeping apartment, and is supposed to have originated in the children playing with matches. All of the furniture in the rear of the building, including the kitchen and dining room, was burned up, and the greater portion of the clothing and personal effects of the Judge and his wife were destroyed.

NO SUCH THING.—The *Mountaineer* says "brains are necessary to a newspaper." That may be so generally, but the continued existence of that sheet shows, that such as it is, it can live without brains. So the rule has one exception.

ROBBERY.—Mr. A. C. Jones, Lebanon, Linn county, offers a reward of $500 for the recovery of $2,860, stolen from his house on the 25th inst.

By Overland Telegraph.

[SPECIAL DISPATCHES TO THE "OREGONIAN."]

LATER FROM THE EAST.

Dates to March 20th.

WASHINGTON, March 18.—The General Land Office grants this week, to parties in California, warrants for upwards of 60,000 acres of land, among the most valuable in the State.

NEW YORK, March 18th.—The steamer *Champion*, from Aspinwall, has arrived. She brings important advices. A collision between the troops of Guatemala, under President Barricase, and the French forces took place on the 22d ult., near San Salvador. After two days hard fighting the Guatemala troops were forced to retire, with loss of 100 killed and a large number wounded.

WASHINGTON, March 19.—The commanding General of the Eastern blockading squadron reports to the Navy Department the return of the crews of the *Harriet Lane* and the *Westfield*.

The United States steam frigate *Brooklyn* threw several shells into the Fort at Pelican Island, on the 24th inst., setting the town on fire; but it was rapidly extinguished.

CHICAGO, March 20.—It is understood at the Treasury Department that a deputation of foreign bankers waited on the Secretary of the Treasury in person and offered a loan at current rates of exchange.

The reported capture of the City of Mexico is entirely discredited.

It is anticipated that an extra session of Congress will be called.

The Philadelphia *Enquirer's* Washington correspondent sends a dispatch which states that rebel prisoners report that six or eight gunboats passed Fort Sumter on Monday, and on Tuesday Charleston was being bombarded.

California News.

SAN FRANCISCO, March 19.—A rumor is prevalent here that Capt. Law, of the schooner *Chapman*, has turned State's evidence, and disclosed the various particulars of the intended piracy, as well as the names of forty-six persons yet on shore.

SACRAMENTO, March 19.—A disgraceful scene took place in the Senate Chamber this afternoon, while the Capital Bill was being discussed. The Speaker called for order, Perkins insisted on the question being further discussed. The Chair ordered Perkins to sit down; he refused, and the Sergeant-at-arms was ordered to arrest him. Perkins showed fight. Several of the Senators went to the assistance of the Sergeant-at-arms, and one or two helped Perkins. He was finally carried out of the Chamber. Several desks were overturned during the scene.

In the Senate, Gaskill introduced a bill to enforce payment for contracts in coin.

Parks introduced a resolution asking the Government if it would furnish arms for this State if it would pay for the transportation.

An Assembly bill to forbid the sale of liquors on election days, was made a special order for Tuesday.

A bill was introduced by Wheaton to amend the vagrant act, and to amend the election law.

Assembly bill to give married women powers of attorney in conjunction with their husbands; passed.

SAN FRANCISCO, March 20.—The steamer *Constitution*, from Panama, arrived this afternoon with 450 passengers. She will leave again on Monday, the 23d. Rates of fare: Cabin—$166; Second Cabin—$140; Steerage—$106.

REWARD OF PATRIOTISM.—The Norwalk, Connecticut, *Gazette* published a letter from a Massachusetts soldier, who gratefully acknowledged the kindness of a New York hack-driver, who, finding him penniless and sick at the Jersey City railroad station, gratuitously took him across the Hudson and to the New Haven railroad depot, a distance of more than three miles. The letter came under the eye of Governor Andrew of Massachusetts, and that gentleman and others made up a purse of $300, which was forwarded to the coachman in a graceful letter from Governor Andrew, wherein he says: "My dear fellow: You have done a noble deed. As I shall probably never have a chance to ride with you myself, I inclose my dollar to pay for the ride of the next helpless soldier you meet."

Lieut. Snyder of the One Hundredth and First Illinois Regiment, writes to the Dixon *Republican* as follows:

We hate cowardly villains and traitors who are afraid that the rebels will be hurt or deprived of their property, when found in the army, as much as those who are still at home, and would rather shoot them than Southern traitors. We are surprised that men should be allowed to put forth such resolutions as those lately passed at Springfield, and if the black-hearted cowards who put them forth think they have friends in the army they are sadly deceived. Dark and despairing as the future looks, we are still ready to fight traitors, and when those in the South are put down, we want a chance at those detestable cowardly ones in the North.

TO THE PUBLIC

OF THE

PACIFIC COAST!

HOSTETTER'S

STOMACH BITTERS!

THE LARGE AND CONSTANTLY INCREASING DEmand for HOSTETTER'S CELEBRATED STOMACH BITTERS, on the Pacific coast, renders it the especial duty of the Manufacturers and Proprietors to place their fellow-citizens west of the Rocky Mountains fully on their guard against the PERNICIOUS COUNTERFEITS which have recently been introduced in California, and other parts of the Pacific coast, by IMPOSTERS who have PIRATED this great RESTORATIVE.

These villians, who subsist by pirating, have exhibited a cunning equal to their rascality, by selecting this most popular STOMACH BITTERS. Some dealers, of whom better things might have been expected, have connived at the IMPOSITION, for the purpose of sharing in the plunder. On the principle that the receiver is as culpable as the thief, and that the passer of spurious money is as criminal as the forger, the makers and venders of COUNTERFEIT HOSTETTER'S BITTERS stand on the same *moral* level.

The public are cautioned not to purchase any preparation purporting to be HOSTETTER'S STOMACH BITTERS without first scrutinizing well the packages and bottles, so as to be certain that they get the GENUINE, or purchase from Dealers of known integrity, who would not be guilty of selling SPURIOUS ARTICLES, or of the California Agent, Messrs. Hostetter, Smith & Dean, No. 227 Montgomery street, Russ Block, San Francisco.

The COUNTERFEITERS doubtless hoped and expected, that in regions thousands of miles away from the source of the GENUINE BITTERS, they would be able to palm off their SPURIOUS COMPOUND with less chance of detection and molestation. In this expectation they will be deceived. The undersigned are determined to protect themselves against fraud, and their far off customers against its baneful consequences, and have no doubt that through their agents, the influence of the press, and the instrumentality of the law, they will succeed in crushing IMPOSTERS in its distant fields of operation, as they have already crushed it nearer home.

The general acceptance of the BITTERS as the best known preventive and remedy for the malarious diseases of unhealthy soils and climates, is a just tribute to the disinfectant and vitalizing properties of the preparation. Whoever goes to the gold mines, or travels through or settles in any portion of our Pacific territory, without previously furnishing himself with a supply of this unapproachable antidote to the effect of insalubrious air and bad water, does so at the imminent risk of health and life, and in the face of a volume of testimony to its sanative and corrective properties which ought to satisfy the most incredulous. The unacclimatized will find it the best protective against the epidemic diseases of the country, and against all epidemic maladies. Furnished with this preventive, the pioneer may fearlessly prosecute his search for gold and silver, in valleys and plains where his less fortunate predecessors have left their bones. The discolored and unwholesome water which serves alike to quench his thirst and obtain his treasure, may be drunk with impunity if mixed with this powerful and agreeable corrective, and the miasma which reeks from the soil of the mining regions will have no injurious effect upon his system, if sustained and fortified by this pure and wholesome invigorant and stomachic. He may sleep wrapped in his blanket or buffalo robe on the damp ground by night, and work beneath the hot beams of the sun by day, without incurring the usual penalties of remittent fever, diarrhea, dysentery and bilious colic, provided he reinforces his constitution, his appetite and his strength, by a moderate and regular use of HOSTETTER'S BITTERS. Miners and others who are obliged to live wholly or chiefly on animal food without vegetables, will find the preparation invaluable as a protection against scurvy and other scorbutic diseases.

Of the above mentioned uses of the BITTERS, the proprietors of the preparation do not of course speak from actual experience, but they have the next best evidence in the world, viz: THE SPONTANEOUS TESTIMONY of multitudes of returned Californians, and of hundreds NOW ENGAGED IN MINING in various parts of the Pacific States.

While recommending their Bitters strongly and earnestly, as a preventive, the undersigned would call attention also to its eminent qualities as a restorative. In fever and ague, dumb ague and all that class of intermittents this the best medicine that can be taken to break up the chills and restore the strength of the patient. For dyspepsia and every form of indigestion, it is an absolute specific, combining the properties of a gentle cathartic with those of an alterative and mild stimulant; it has an excellent effect in constipation, colic, piles, sickness at the stomach, sick headache, spasms, and disorders of the blood and [illegible] generally. It also assists in [illegible] and [illegible] and as a means of regulating the action of the liver and other secretive organs has no equal among the remedies of the day. Ladies in delicate health from whatever cause arising, will find great benefit from their restorative and invigorating properties; and as an Elixir Vitae for the aged and decrepit it stands at the head among vegetable tonics. In fact, HOSTETTER'S CELEBRATED BITTERS can be conscientiously recommended on the authority of perhaps the strongest array of voluntary witnesses that have ever testified to the value of any advertised preparation, as the purest, the most reliable, the most powerful and successful restorative and physical invigorant, preventive and restorative now before the public.

The Daily Oregonian.

CITY.

The MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City.

Legal Tender Notes this Day—60 cents.

THEATRE.—The play of the great prize tragedy of "Metamora" was very well performed, on Saturday evening last. Mr. Waldron, as "Metamora" received many applause, while Mrs. Waldron, Mr. Thayer and Mr. Mortimer and Miss Sue Malleck sustained their several parts quite well. By request of many citizens who were unable to procure seats, the play will be repeated to-night.

PERSONAL.—We were favored with a visit, last evening, from our excellent friend, Mr. Samuel Brown, of Beipassi, who is at present stopping at the Pioneer Hotel in this city. Mr. Brown is on his way to the Cariboo country, where he has a large stock of goods and several rich claims, which he purposes to dispose of as soon a favorable opportunity offers. We sincerely hope that Mr. Brown may meet with much success, as we are certain no citizen of our State is more worthy or deserving. Mr. B. is well-known to be one of the most, if not the most, energetic, thorough going and extensive farmers in Oregon, and what is better than all this, he is a sterling patriot and an uncompromising friend of the Union. We are further pleased to learn, that his excellent lady is recovering as rapidly as circumstances will permit, from her recent painful and unfortunate accident.

POSTPONED.—The day of sale, at auction, of the property of Buel Woodard, deceased, which is to be sold by order of Probate Court, has been postponed until next Saturday, at 2 o'clock, P. M. As this property is very valuable, those wishing to purchase a neat and pleasant residence will do well to remember the day and attend the sale. The property will be sold by Mr. Richardson, auctioneer, without [illegible].

CROCKERY SALE.—The sale of a large assortment of crocky, which was advertised to take place on Saturday last by Mr. Mansfield, was postponed until Thursday next, in consequence of the non-arrival of the Bark [illegible] on board of which the crockery is to arrive.

INDIAN SUPERINTENDENCY.—Mr. J. W. P. [illegible], recently appointed Superintendent of Indian Affairs, was in town last week, and took the oath of office before the District Judge. He will enter upon the duties of his office on Wednesday next, April 1st, and will continue at Salem.

One of the most turbulent niggers in Washington is named Bill. He gets in the House of Representatives frequently, kicks up a row, and is arrested. Every day for a fortnight, the telegraphic report of Congress has told us that "the Negro Bill was taken up."

Attention Company! —The Zou Zous will meet in Vaughn's Building, over the Post Office, this (Monday) [illegible], at 7½ o'clock, for the purpose of a DRILL.
By order of the Drill Master, F. A. PLUMMER.

Good Advice to Consumptives.—HALL'S BALSAM is a sure remedy for all the various stages of CONSUMPTION, such as a Hacking Cough, Pain in the breast, Spitting of Blood, Night Sweats, &c., having the highest testimonial ever given in favor of any [illegible] medicine in the world.

Dalles to the New Diggings!

[illegible],000 pounds choice Oregon Bacon, 30,000 pounds extra fine Flour, 10,000 pounds of assorted Beans, 300 pairs of Oregon Gray Blankets, together with a full supply of Groceries, Boots, Shoes and all kinds of mining articles, can now be obtained at HARKER BROS.,
No. 123, Front street, opposite the Upper Wharf.
Portland, March 4, 1863. dtf

[illegible]—THE FIRE-PROOF STONE WAREHOUSE, opposite the [illegible] House, is the only building, "not made of wood," at the Dalles, where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings, in exposed parts of the town, liable to the risk of fire. The subscriber assures his patrons that his charges are but $1.50 per ton per month storage and although [illegible] in wooden buildings is $1.00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.
Dalles, Jan 20, 1863. 1m RASEY BIVEN.
N. B. A liberal discount made for lots of 50 tons or more, where goods are stored for more than one month.

Pacific Market.

The New Market on Front street, No. 2, Coach's Addition, is now opened by Messrs. WEEKS, GILMORE & CO., Proprietors, for the accommodation of the public, and our citizens may be assured that it will be equal to any on the Pacific Coast, where none but the best quality of meats will be kept for sale. The Proprietors are well known to the whole community for their fair dealing in the [illegible] of their other first-class Markets—the Empire, on Washington street and the Franklin on Taylor street.

STATES PAPERS AND MAGAZINES,
Just received at CHARLES BARRETT'S.

DOCTOR VAN ZANDT,

CONSULTING PHYSICIAN & SURGEON

Office, Corner of Washington and Sansome streets, San Francisco.

The GREAT SUCCESS of the CENTURY as an AID to PRACTICAL MEDICINE.

The Most [illegible] of Material Nature, Electricity! made subservient for the Cure of all Nervous and Spinal Diseases.

THAT THIS PRINCIPLE, SUCCESSFULLY APPLIED to diseased parts of the system, is to prove the great [illegible] wanting [illegible] to all [illegible] and functional derangements of the human body. It is a part of that great principle of vitality known as nervous influence, and therefore easily must have much to do in elevating diseased action.

Too Much Cannot be Said

In its praise; for it is highly probable that in health there is an exact equilibrium of the Electric principle, and should this secret and hidden equipoise of health be broken or lowered—should the body be negatively electrified when it should be positively charged—is not the current broken, and is there not a war of forces going on in the system? This needs correcting, and in order that the tissues of the body should be perceptible to remedial agents, we must first restore and

Awaken the Magnetic Life within us

The spinal and sympathetic nerve systems. Believing as I do most firmly in this great magnetic or electrical intensity of the earth with its influence upon our bodies in health and disease, I am led to take advantage of this [illegible], through which to awaken attention to the subject, that good may come to all.

No Compromise with Disease.

Give the body strength, and nature will relieve herself. Purify the life-blood, render the stomach, liver, heart, kidney and all the natural functions active by ELECTRICAL excitation, and aid the aged, the palsied, the nervous, the dyspeptic, the melancholic, the dyspeptic and the invalid revive under its benign influence.

To the Ladies of California.

Dr. Van Zandt's success with complaints of women, both in family and clinic practice, is owing to his correct views of the origin of all their maladies. Ladies can consult him with entire confidence as he is no speculator upon human life—but is proving himself the only member of the legitimate profession in California who is really successful in removing those ills which are the peculiar province of the sex. His high appreciation of their delicately attuned nervous organism, together with their great sympathetic life, renders him doubly able to assuage those silent complainings which they bear so patiently and so long. No more disquietude need longer afflict our home circles; for he can awaken the stricken energies, restore the wonted energy of the body; awaken the melancholic and despondings; arrest the drains which cause so much anxiety; cure those protean maladies which have so long

Baffled the Skill of Physicians.

Develope appetite, smile and animation, dispel nervous headache, sinking at the stomach, wandering pains, wasting away of strength, extreme debility and lifelessness, hectic cough, sleeplessness, unpleasant dreams and that general depression of life's powers, which go to render her life a misery and death a boon. Dr. Van Zandt, with his new method of exciting the Electro-Galvanic current, together with his remedial measures which are adapted to the necessities of California, will assure you of a complete and radical recovery of all bodily and mental infirmities, and will restore you to usefulness, and spare you a blessing to your family and society.

All the world over

wherever disease exists, whether special to the soil and climate or common to all regions—epidemic or casual, acute or chronic, contagious or non-contagious—it is as necessary to restore the ELECTRO-GALVANIC equilibrium, especially in California, as it is to give food to the starving. This statement is based upon a series of facts extending through many years, and verified by hundreds of patients; so that no principle of science, no rule of experience, no result of any well known cause rests upon more sure and unassailable foundations, than those which underlie the world-wide reputation of Electricity for the cure of all nervous states of the body, faulty digestion, mental and physical debility or prostration, cough, asthma, wandering pains of a rheumatic, gouty or mercurial character, and all forms of disease, the result of scrofula or cachetic habit of body.

None Need Despair of Relief.

If you have ulcers which will not heal—pains that cannot be removed—melancholy which you cannot shake off—loss of power which you cannot regain—depression of spirits which weigh you down—wakefulness that knows no sleeping—bodily ills that languishes for want of energy—a void which no society can fill—suspicion which no assurance can allay—go to Dr. Van Zandt, for his great success and the safety with which he administers his new method of electrical excitation, together with his remedies, which are adapted to the requirements of climate and constitution, will assure you of a complete and radical removal of all bodily and mental infirmities, within the scope of science and man to remove.

The Eye and Ear Diseases.

It must not be forgotten by the eye and ear sufferers that Dr. Van Zandt has made these afflictions an especial study, and that he is the only Surgeon in our State who has a diploma for that branch of practice. Very many of the eye and ear troubles are purely deranged nervous action, and are cured by his electro-galvanic battery—as amaurosis, squinting, cataract, floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness, etc. All operations successfully done on those delicate organs of sense.

DR. BAKER'S

PAIN PANACEA.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted, who have not used it, to try it for the following diseases: If they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night; it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

Stephen A Douglas on the Cause and Effect of the Rebellion—Letter from Thos B Bryan Esq

BRYAN HALL
Chicago January 20th 186[illegible]

DEAR SIR Observing that the Hon [illegible] Eastman Representative from this city has recently reported the prediction of Stephen A Douglas uttered in his hearing and addressed to Southern men [illegible] the effect that the rebellion would result in the overthrow of slavery and the accuracy of [illegible] Eastman's recollection being called in question I deem it due to truth to add my humble testimony to that conviction of the lamented Senator

It happened that in behalf of Chicago the duty was assigned me of delivering the welcome address to that patriotic statesman on the occasion of his last return to Chicago and indeed of the last public appearance of his life On the way to the [illegible] Wigwam devoted to his reception the conversation naturally turned upon the rebellion and although I do not remember, and do not profess to quote his exact words I *do* remember and never shall forget, their earnest purpose In his wonted terse and emphatic language he declared that the leading politicians of the South—the "Southern conspirators" as he more than once called them—were alone responsible for the war, and for the political suicide of the South AND OF SLAVERY which it would involve No man ever uttered a more scathing denunciation of these arch traitors than then fell from the lips of Judge Douglas

No allusion direct or indirect was made to Abolitionists but the *entire* infamy of the causeless and accursed revolt was placed where it belonged, and in a far different attitude from that assigned to it by some more modern historians

And from the speech delivered by him on the occasion referred to, allow me to make the following extracts, which may be regarded as the dying utterances of the patriot who a few weeks thereafter lay in this building in pomp, but in the cold embrace of death to receive the last homage of more than a hundred thousand friends

"The return we receive is war armies marched upon our Capital obstructions and dangers to our navigation letters of marque to invite pirates to prey upon our commerce, a concerted movement to blot out the United States of America from the map of the globe The question is are we to maintain the country of our fathers or allow it to be stricken down by those who, when they can no longer govern, threaten to destroy?

The slavery question is a mere excuse The election of Lincoln is a mere pretext The present secession movement is the result of an enormous conspiracy formed more than a year since, formed by leaders in the Southern Confederacy more than twelve months ago

But this is no time for a detail of causes. The conspiracy is now known Armies have been raised, war is levied to accomplish it. There are only two sides to the question. Every man must be for the United States or against it There can be no neutrality in this war, *only patriots—or traitors*"

Such is the incontrovertible testimony of the great champion of the Democratic party, to the true origin and the inevitable effect of the rebellion And is it not as manifestly opposed to the assertion of some of his professed followers now as is their present attitude toward the Government opposed to that which rendered the close of his life illustrious for patriotism? Is it not time that we, the people, turning a deaf ear to the treasonable buzz of the political aspirants who swarm about the Capital hives, should discuss among ourselves the great national questions, in which we are all directly and vitally interested? Democrats, Republicans, men of all parties, ponder well the words of Douglas, and seriously ask yourselves, whither are we drifting? You men of muscle—muscle of brain as well as of arm—think for yourselves *Think—think—think*, and make your thoughts heard, known and respected There is, essentially the same difference between the genuine patriotism of the voice from the anvil, and the plow, and that of the ordinary political vaporings of the forum, that there is between the purity of country air and the vitiated atmosphere of the city

Think you not that if, at the beginning of the rebellion Douglas, or his great prototype, Andrew Jackson, instead of James Buchanan, had held the reins of Government, they would have not been tightly drawn around the necks of South Carolina traitors, until every palmetto would have hung full of the ripened fruits of treason? Why now such a fierce and indignant outcry against the loyal men of the North, and such mild acts and gentle utterances toward the conspirators of the South, whose insurrection against our blessed Government has deluged the land in blood, and made all its hills and valley echo with the wailings of lamentations and mourning? Why is it that scheming politicians at the North are claimed in fellowship by those very conspirators at the South, who unbottled their wrath and heaped their anathemas upon the devoted head of Douglas in the evening of his life, and united their traitorous voices in one great chorus of rejoicing at his death? Why those honeyed words, that, starting from the perjured lips of Vallandigham and his *coterie* of followers, are echoed from the haunts of treason at Richmond? The answer is found in the same speech of Douglas, when he said of the rebels "They hoped in the Northern States party questions would bring civil war between Democrats and Republicans, when the South would step in with her cohorts and one party to conquer the other, *and then make easy prey of the victors* Their scheme was carnage and civil war in the North" * *

"This very dissension he warmly deprecated, as giving victory to secession, and thus inaugurating anarchy in its worst form and bring among us all the horrors of the French revolution"

Shall we permit political tricksters to throw dust in our eyes and fill our ears with mere party catch words that they may attain some petty political triumph, while the nation goes down in the dark sea of anarchy and ruin? Which then do you choose, and to which will you be deaf—the solemn warning of the patriot standing at the very portals of eternity, or these latter utterances these inflammatory appeals to the people against the Government, so seditious as to startle the loyal ear and chill the popular heart? Let every man answer to his conscience and his God

THOS E BRYAN

THE PANDERERS TO REBELLION TO BE MET PROMPTLY—The Administration is growing bold I have reason to believe that the President is alarmed at the manifestations in certain free States of a traitor us spirit and that he is determined henceforth to treat it with severity If the Federal Government is not strong enough to put down the traitors at home, it may as well perish now as at any other time At any rate I am assured by those who are in a position to know Mr Lincoln's opinions and intentions that he will hereafter act with promptness against any man in the army or out of it who panders to the rebellion or who disobeys his orders if he is bound by his oath to obey He is turning down a new page, and we shall see what the effect will be If it gives heart to the loyal men of the country it will answer a good purpose—*Cor Boston Journal*

San Francisco March 14 186[illegible]

[General Orders No 11] [illegible] the Proclamation of the President of the United States and the General Orders [illegible] are published for the benefit of all concerned

WASHINGTON March 10 186[illegible]

I—In pursuance of the twenty sixth section of the Act of Congress, entitled "An Act for enrolling and calling out the National forces and for other purposes" approved March [illegible] 186[illegible] I Abraham Lincoln President and Commander in Chief of the Army and Navy of the United States do hereby order and command that all soldiers enlisted or drafted into the service of the United States now absent from their regiments without leave shall forthwith return to their respective regiments and I do hereby declare and proclaim that all soldiers now absent from their respective regiments without leave who shall on or before the 1st day of April 1863 report themselves at any rendezvous designated by the General Orders of the War Department No [illegible] hereto annexed may be restored to their respective regiments without punishment except the forfeiture of pay and allowances during their absence and all who do not return within the time above specified shall be arrested as deserters and punished as the law provides and whereas evil disposed and disloyal persons at sundry places have enticed and procured soldiers to desert and absent themselves from their regiment, thereby weakening the strength of the armies and prolonging the war—giving aid and comfort to the enemy and cruelly exposing the gallant and faithful soldiers remaining in the ranks, to increased hardships and dangers I do therefore call upon all patriotic and faithful citizens to oppose and resist the aforementioned dangerous and treasonable crime and to aid in restoring to their regiments all soldiers absent without leave and to assist in the execution of the Act of Congress for enrolling and calling out the National forces and for other purposes and to support the proper authorities in the prosecution and punishment of offenders against said act in suppressing the insurrection and rebellion

In testimony whereof I have hereunto set my hand

Done at the City of Washington this 10th day of March 1863 and of the Independence of the United States the eighty seventh

(Signed) ABRAHAM LINCOLN

JOHN G MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St Louis, Feb. 4, 1856.

DR AYER Your Pills are the paragon of all that is great in medicine They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair After our child was cured, she also tried your Pills and they have cured her

ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev Dr Hawkes of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH GA., Jan. 6, 1856.

HONORED SIR I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism Notwithstanding I had the best physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore Dr M[illegible] I tried your Pills Their effects were slow but sure. By persevering in the use of them I am now entirely well.

SENATE CHAMBER, BATON ROUGE, LA., 5 Dec., 1855.

DR. AYER I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years.

VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge they are an excellent remedy

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even Deafness and Partial Blindness, have been cured by the alterative action of these Pills

Most of the pills in market contain Mercury which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use These contain no mercury or mineral substance whatever

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease

We need not speak to the public of its virtues. Throughout every town and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known Nay, few are the families in any civilized country on this continent without some personal experience of its effects and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures Keep it by you and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that fastened on the vitals, eats your life away.

All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy we need not do more than assure them it is still made the best it can be. We spare no cost, no care no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure
